A JOYFUL MIX OF
COLOUR & CREATIVITY

Certified B Corporation

caroline gardner

As we look ahead to a new season, I'm delighted to introduce our latest collection; a joyful mix of colour, craftsmanship and creativity, designed to celebrate every occasion and connection.

Leading the collection is 'Silhouette', an art-house inspired floral range with striking painted blooms worthy of gallery walls. In contrast, 'Sticker' brings a playful, graphic energy, layering rough-cut motifs over attention-grabbing patterns with hand-worked lettering. 'News Just In' combines bold typography with handwritten captions for a contemporary range with broad appeal, while 'Paint Wash' explores scale and placement through softly hand-painted motifs with delicate linework details. For something softer, 'Confetti' captures the movement of scattered, falling motifs in a gentle palette, elevated with touches of gold foil. Completing the launch is 'Assortment', where painted motifs frame delicate captions and die-cut detailing come together to create beautifully crafted cards. Alongside these new launches, we've added to many of our best-selling ranges and introduced plenty of new occasion and relation cards in our signature style.

In gift bags, we're excited to introduce some much-loved prints and themes, including our bestselling pink and orange looped heart print, a 'scribble bloom' floral, charming collaged rabbits for new baby, and 'Bubbles', an under-the-sea inspired design full of colour and fun.
